

LIONWISE™ for TABLE SERVICE

Affordable Point-of-Sale for Increased Profit & Controls

Get the Controls Needed to Run a More Profitable Restaurant

LIONWISE Point-of-Sale (POS) systems meet the needs of a wide range of table service operations with a powerful feature set that allows flexibility while still remaining easy to install and maintain.

Featuring a refreshingly simple and intuitive design, the LIONWISE software ensures that wait staff can easily, and effectively utilize the system without excessive training or expertise. LIONWISE gives restaurateurs the controls to manage a more efficient operation by streamlining operations helping to reduce errors and increase efficiency.

By utilizing LIONWISE, wait staff can reduce the amount of time spent ringing up orders and increase the amount of time permitted to interact with guests resulting in higher guest satisfaction and greater profitability.
